

# SW Scholls Ferry Road Bridge Replacement Project

## Meet the Contractor Open House Summary

Washington County held a Meet the Contractor neighborhood open house for the SW Scholls Ferry Road bridge replacement project on Wednesday, May 9, 2012 from 5 to 7 p.m. at the McKay Elementary School gymnasium. To inform the public of the event, Washington County sent out approximately 3,500 [flyers](#) to the surrounding neighborhoods, which included areas of CPO 3. A media release was also distributed to its standard list of local and regional news reporters, radio stations and Citizen Participation Organization leaders. Information about the event was also posted on the project website and in the weekly road news highlights posted to [www.wc-roads.com](http://www.wc-roads.com).

The purpose of this open house was to introduce the construction contractor, MJ Hughes Construction, to members of the public and to solicit feedback from attendees. An informal open house format was used at the meeting, allowing members of the public to discuss the project with members of the Project Management Team (PMT). Four members of the project team were available to answer questions. Approximately 35 people attended the open house. Attendees were encouraged to meet the members of the PMT, and to record their comments on a comment form or on sticky notes on the display boards.

The following exhibits were on display at the meeting:

- [How you can stay involved and informed](#)
- [Project requirements](#)
- [Project schedule](#)
- [Proposed Three-lane cross section – Bridge](#)
- [Existing cross section – Bridge](#)
- [Proposed Three-lane cross section – Road](#)
- [Existing cross section – Road](#)
- [Existing Bridge Photos](#)
- [Staging Plan](#)
- [Existing and proposed stats](#)
- [Neighborhood Aerial Base Map](#)
- [Post your ideas here](#)

Handouts:

- [Comment Forms](#)
- [Project Website Information Card](#)

The following list summarizes the comments, suggestions and concerns collected at the open house. Responses to individual comments are available on the project web site at [http://www.wc-roads.com/](http://www.wc-roads.com) or by clicking [here](#).

- Consider installing “Do Not Block Intersection” at Scholls Ferry and Merry Lane intersection.
- Please allow for bicyclists to use travel lanes through the construction zone.
- Please make sure the travel lanes, shoulders and pedestrian path are left in safe condition at the end of each shift.

We want to thank everyone that came out to the open house. For those who were unable to attend, please subscribe for project updates using the [“eSubscriptions”](#) link found on the project website or by clicking on the icon below. Periodic newsletters will be posted to the project website during construction, so please continue to check back with us at our website for all updates on this project.
