The County is seeking feedback on three potential alignments for the Basalt Creek Parkway Extension. The new segment will extend Basalt Creek Parkway from Grahams Ferry Road to Boones Ferry Road.

Staff from Washington County and the design consultant will answer questions and gather comments. No formal presentation is planned; stop by any time during open house hours.

Project Description

Basalt Creek Parkway is in the Basalt Creek Planning Area, an 850-acre area between the cities of Tualatin and Wilsonville identified for future development. It opened in 2017, connecting Tonquin and Grahams Ferry roads.

Basalt Creek Parkway, including the extension, will be a five-lane arterial with bicycle and pedestrian facilities, drainage and street lighting. The project includes a bridge across Tapman Creek and a new signalized intersection at Boones Ferry Road.

Project Schedule

Construction is expected to begin in 2021 with completion anticipated in 2023.

Funding

Funding for this project is provided through federal grants with matching funds from Washington County.
