Project Information

[Walker Road/Murray Boulevard project](#) preliminary design includes dual turn lanes and dedicated right-turn lanes at all four approaches. A third southbound lane is proposed for Murray Boulevard from south of Butner Road through the Walker Road intersection. This additional lane will become a dedicated right-turn lane at Bowerman Drive.

Additional proposed improvements include replacing two bridges over Cedar Mill Creek adjacent to the intersection. One is on Murray Boulevard, south of Walker Road; the other is on Walker, east of Murray. Replacement of two culverts on Walker Road, between Far Vista and Park Way, is also proposed.

Construction is scheduled to begin spring 2018, with completion by fall 2019. Dates are subject to change.
