**If you selected multiple Boards, which is your preferred choice?**

---

**How did you hear about the Board/s you are applying for? \***

---

Friend

**Why are you interested in serving on the Board/s you are applying for?**

---

Having met a few THPRD parks & recreation board members over the past year, I've been increasingly interested in the role parks and recreation facilities play in our overall quality of life in Washington County. I have two young children, live near a large rec center, and believe I have some valuable perspectives to add to the greater discussion about the current status and future of our park and recreation resources.

**Are you interested in other volunteer opportunities?**

---

Yes  No

**If you are interested in other opportunities, may we contact you?**

---

Yes  No

**What education, work experience, volunteer experience or life experience do you bring?**

---

I have been in the community relations/communications field for the past 20 years in a wide variety of sectors, including higher education, private business sector, and college athletics. My current role with PCC allows me to explore and immerse myself in many communities in Washington County and I'm eager to see how else I can contribute to my local area and county.

**Describe your understanding of the concerns and issues facing the Board/s you wish to serve on.**

---

I'm a relative newcomer to the issues facing parks & recreation, but I am passionate about ensuring parks & rec resources are welcoming to all communities in Washington County and serve all county residents regardless of income, language, and ability. Our outdoor areas, in particular, are some of Oregon's greatest natural resources and something everyone should feel empowered to enjoy. In our current COVID-19 pandemic world and as we start charting the future post-pandemic, it will be more important than ever to keep parks & rec inclusive even when facing difficult financial decisions.

**List any potential conflict of interest between your public and private service that might result from your appointment to a Board/s you are applying for.**

---

PCC's Rock Creek Campus contains one large THPRD park & athletics facility. While my role does not include any direct oversight of this facility, there may be an instance where it might be prudent for me to recuse myself from a discussion about that specific facility.

President Oregon Thunder Softball, University of Oregon 2004, Arizona State 2020. Last 8 years worked at Biotronik Lake Oswego where I was a global brand ambassador and tour guide. I know work for Jacobs Engineering at Intel (Ronler Acres). Served on our Orenco Woods Crossing Homeowners Association for its first 3 years. Volunteer at Willow Creek Little League. <http://www.linkedin.com/in/arethwill>

**Describe your understanding of the concerns and issues facing the Board/s you wish to serve on.**

---

I'm actively involved in the usage of facilities in Hillsboro. As the HSD has instituted fees and group classifications opportunities to use fields and facilities will become more and more limited. Currently have authored successful grants for field renovations, working with Hillsboro Little League to reconstruct local fields for youth sports due to limited funding, lac of support and resources from the HSD.

- I have been a resident of Washington County since 2008 and in more recent years, I visit county parks 5-7 days per week. In daily conversations with other patrons, I have a general understanding of what seems to be working and what doesn't, according to frequent users. I would like to get involved with the Parks department at a top level to provide insight from the community in an effort to make educated recommendations to the decision makers. Additionally, I would like to gain a better understanding of the local government and act in opportunities to educate other residents that may not understand the purpose of particular policies.

- I have spent the better part of my career as a liaison between shareholders and Senior Executives/Board Members of top technology companies. I have an innate ability to use active listening and common sense to accurately relay crucial feedback to CEOs and CFOs of top technology companies. Over the last 4 years, I have been more involved in the corporate strategy and operational transitions alongside the Executive teams at my previous employers. The skillset I have established over the years can be directly applied to help achieve the goals of the Advisory Board.

Current Board Member

**Why are you interested in serving on the Board/s you are applying for?**

---

I am a mom, an athlete, and an Oregon Master Gardener. I am also deeply passionate about advocating for and representing the needs of all of the members of our community. I am interested in serving on the Parks and Recreation Board in order to advocate for equal access to Parks and Rec resources, to advise the Board on the needs of working parents, and to champion the wonderful green spaces we have in Washington County.

**Are you interested in other volunteer opportunities?**

---

Yes  No

**If you are interested in other opportunities, may we contact you?**

**What education, work experience, volunteer experience or life experience do you bring?**

---

I have a deep expertise in problem solving that I would love to bring to our board as we create forward-thinking solutions for our community. Prior to my role at Nike, I worked in nonprofit leadership, so I understand how to meet the needs of constituents on a limited budget. As an Oregon Master Gardener I am well-versed in the principles of permaculture and keeping our public spaces healthy and sustainable. And finally, I am a working mother of a young child (as well as the caretaker of an aging parent) and I feel that I could represent the needs of our community members who use our parks and recreation services the most! As a fun aside, when I was a little girl I would always anxiously await the publication of each season's Parks and Rec class catalog. When it arrived I would dog-ear page after page before presenting my numerous selections to my patient mother. Weeks of negotiations followed as she would encourage me to just choose one or two classes (that fit our limited budget). I've always been a huge fan!

**Describe your understanding of the concerns and issues facing the Board/s you wish to serve on.**

---

I am so proud to be a member of our community and believe that our parks and recreation services are best in class. I am concerned about my neighbors living on a low or fixed income not having access to services and would like to help find creative solutions to ensure equal access. I am also acutely aware that most households are like mine, i.e., households where both parents work. However, I find that so many of the parks and rec classes offered for young children take place during the work week, therefore excluding many working families. It would be an honor to serve on the Board to provide my perspective on behalf of working parents.

**List any potential conflict of interest between your public and private service that might result from your appointment to a Board/s you are applying for.**

Columbia Pacific Economic Development District / Washington County and SDL No. 1 Budget Committee  
I have a strong interest in economics and the prosperity of my town and its neighbors. I have a degree in economics and a good foundation in economic policy and ideas. In addition, I have experience in consulting and providing guidance, feedback, and analysis to groups in a timely, accurate, and concise fashion. Park and Recreation Advisory Board: I have enjoyed local parks and recreational activities since I began living in Washington County over 20 years ago. I have worked to improve the parks around me by participating in local cleanup events. I strive to continue the growth of the community around me so I can enjoy it with my dog, friends, and family.

Education: Bachelors of Science, Economics Bachelors of Science, Computer Science Work Experience: Consultant with expertise in analyzing issues and presenting concise, accurate recommendations. Strong attention to detail. Excellent communication skills. Life Experience: Resident of Washington County for 20+ years.

**Describe your understanding of the concerns and issues facing the Board/s you wish to serve on.**

---

Columbia Pacific Economic Development District / Washington County and SDL No. 1 Budget Committee: As the Portland Metro Area population continues to boom and more jobs are brought to the westside, the county faces growing decisions on proper economic planning, development, and regulations. In order to ensure stable economic and cultural growth while preserving the character of individual areas of the county, the advisory committees must make sound recommendations that serve the majority of their constituents, whether they be new residents, low-income, or any other socioeconomic demographic. Park and Recreation Advisory Board: With the constant influx of people into Washington County, the Parks and Recreation Advisory board faces upcoming challenges in offering healthy, educational, and accessible opportunities to residents. New park development and modernizing the offering of recreational activities are two examples of upcoming budgetary considerations and/or policy decisions to be made.

List any potential conflict of interest between your public and private service that might result from your appointment to a Board/s you are applying for.

None.
